

Journal**Office of Legislative Counsel****Tuesday - 9 December 1958**

1. Mrs. Leach in Senator Roman L. Hruska's office (R., Neb.) called and requested a copy of the translated article on International Communism which appeared in the Russian magazine Kommunist, #15. FDD advised that the translation of this article had been published and copies have been obtained for the Senator's office.

2. At the request of Mr. Bray, International Operations Subcommittee of House Committee on Government Operations, a copy of the Director's speech before the Practising Law Institute in New York on 15 October 1958 was forwarded to him.

3. Mr. Earman advised that Herbert Waters in the office of Senator Humphrey called to indicate that the Senator would very much like to meet with Agency representatives but in view of existing commitments probably would be unable to do so until the 15th or 16th. They will call us on this. (Mr. Kirkpatrick advises that the DCI sat in the meeting between Mr. Hexter and Senator Humphrey on 8 December.)

4. Met with Robert Smart, House Armed Services Committee, to go over with him certain of the points that the Director wished to discuss with Mr. Vinson. See Memorandum for the Record dated 10 December 1958.

5. Met with Francis Hewitt and Thomas Scott on the Senate Appropriations Committee staff and discussed with them the possibility of the CIA Subcommittee receiving a substantive briefing on Agency activities. They indicated this was a matter which should be taken up with Senator Hayden. See Memorandum for the Record of 10 December.

6. Mr. Fuchs reported that the Bureau of the Budget indicated that as a result of a letter from Roger Jones to Loy Henderson the State Department is preparing to resubmit Foreign Service amendments which were discussed in the last Congress less the forced retirement provisions. There were still no indications of any scheduled discussion of these provisions in the Bureau of the Budget by State Department representatives. This matter will be checked further with State through the Legal Advisor's office.
